Avis des utilisateurs sur.Sophie Walker, which and how much to invest Several questions on the way a new investment portfolio. Sophie Walker, which and how much to invest Many people are starting their first investment portfolio. With the help of independent stock brokers, they buy as many shares as possible, that is, at least shares of the stock index (S&P 500, TSX, Dow Jones Industrial Average, Nasdaq Composite, C&IWI). However, some investors invest in specific companies, so as to maintain their core. In addition, some investors include funds

(ETFs, or Exchange-Traded Funds) and private equity funds. First, how much money should an investor invest in shares of an index fund? It is not known at present. If an investor buys all the shares of the index, then they are called on the indexation fund. Simply put, the index is all of the stocks in the index fund. On the other hand, it is possible to buy shares in individual stocks. The impact on the investment returns depends on the quality of the company. And also on the difficulties with the management of a company. Nevertheless, using a specialized fund of funds, you can buy shares of individual companies. How to invest in the stock market? The following will help you to become a successful investor. Investment Philosophy It should be remembered that the stock market is based on the fact that everything
